Department of Agriculture Leading bankers declare that before Quarantines Counties Infested With Disease. tion in rates for fixed date funds there will have to be a considerable

FOUR STATES AFFECTED

Massachusetts and New Hampshire Under Ban.

Quarantine on sections of Pena sylvania, New York, Massachusetts and New Hampshire infested with the corn borer has been formally promulgated by the Department of Agriculture. None of the restrictions, which are effective March 29, will be placed on shipments from points in the quarantined States outside the infested areas, although the department will reserve authority to extend at any time the areas officially designated as infested.

Infested Sections Affected. The known infested sections which will be placed under the ban cluded townships in the following counties: Erie, Penn.; Albany, Fulton, Montgomery, Rensselaer, Saratoga, Schenectady, Cattaraugus, Chautauqua and Erie, N. Y.; Barnstable, Essex, Norfolk, Plymouth and Suffolk, Mass., and Rockingham, N. H. Violation of the quarantine carries with it a penalty of a fine up to \$500 and imprisonment for one

The articles specifically covered in the quarantine order issued today are corn, celery, green beans, beets with tops, spinach, rhubarb, oat and rye straw, cut flowers. The York Federal Reserve Bank acrestrictions do not apply to shelled redistribution of money to the regucorn and the clean seed of broom lar channels that was collected at corn nor to other articles which beginning of week for taxes and have been manufactured so as to other accounts should prove to be eliminate risk of carrying the corn. important factors.

Inspections Made Necessary. All the articles mentioned may be moved in interstate commerce to at 6, the ruling rate. points outside the infested area only after they have been inspected by agents of the department and certified as free of the corn borer. Plants and plant products originatmay be shipped from points within the infested areas infested areas only under permit from the Secretary of Agricul-

improvement in the ratio of reserve NO MORE CHEAP OIL of the New York Federal Reserve Bank. The demand for money from Pennsylvania, New York, all sources continues large and in Soaring Prices Impel Early some cases is more pressing than Start on \$3,000,000

Project.

Within a year the Washington Gas Light Company probably will make its product from coal thetead of oil. Plans are being considered for the erection of a \$3,000,000 coal gas plant on Analostan Island, H. S.

Reeside, president of the company of a material counter action of comof a material counter action of com-said yesterday. The corporation al-mercial credits which is reflected in ready owns the site. a sharp drop in prices in some staple. Reeside said that if the project can be financed, construction work probably will start late in the summer. He predicted the plant would

be in operation a year hence.

Of Contract to Expire. to \$40 a dozen on ten-day delivery. It is understood that the banks had Scarcity of oil and soaring prices called loans and this manufacturer have prompted the company to con-sider the coal process, according to had to get money. Obviously, if goods had been selling at extreme Reeside. Protected by a contract, boom war figures there had to be which expires in May, the company some reduction as a result of the is buying oil at 71/2 cents a gallon. The market price has risen to 12% pressure of banks against "unessential" loans. Bankers are in many cents and the company expects within a few months to be forced to ticles of luxury'as in the unessential pay that price. This would greatly increase the gas output cost, as the company uses 17,900,000 gallons of In this city and at other Eastern

oll a year. "The price not only worries us but we are having trouble getting proportions. In exceptional cases oll," Reeside declared. "Oil comsome paper is being discounted in panies seem unwilling to sell to the interior at 6% per cent, but the average minimum is 7 per cent as such companies as ours. Even the government is having trouble geting an adequate supply.

The bank statements at the end of With the prices normal it is this week will be unusually intercheaper to manufacture gas from esting on account of the counter inoll than coal, according to Reeside. fluences of the gold exports to Ar-The company's gas output is 4,500,gentina. Analostan Island, with extensive freight terminal facilities, is in-Call money opened at 7 per cent, cluded in the plans. The main drawback to building the high figure for the day, closing the plant, according to Reeside, 18 a financial one. The company is limited in its bonded debt. Conferences are being held by officials of the company with financiers in an effort to arrange needed funds

plant would be 10,000,000 cubic feet a

day. A bridge from Rosslyn to

Congress may be asked to give the company authority to proceed. One of the problems a coal gas plant would entail is disposition of 200,000 tons of coke each year, "We must find whether there is a market for that amount of coke in or near Washington," Reeside said.

JUDGE BEGINS CHARGE IN NEWBERRY CASE

Grand Rapids, Mich., March 18 .-The closing arguments in the Newberry election fraud trial completed late today. Judge Clarence W. Sessions Immediately started his charge to the

jury.

HOW DOCTORS TREAT COLDS AND THE FLU

First Step in Treatment Is a Brisk Purgative with Calotabs, the Purified and Refined Calomel Tablets That are Nausealess, Safe and Sane.

Doctors have found by experience that no medicine for colds and in-fluenza can be depended upon for full effectiveness until the liver is made the roughly active. That is why the first step in the treatment why the first step in the treatment is the new, nausealess calomel tablet called Caletabs, and which are free from the sickening and weakening effect of the old style calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

One Calotab on the tongue at bedtime, with a swallow of water—that's all. No salts, no nausea, nor the slightest interference with your eating, pleasure or work. Next the slightest interference with your eating, pleasure or work. Next morning your cold, has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Druggists sell Calotabs only in original sealed packages, price thirty-five cents. Your money will be cheerfully refunded if you do not find them delightful.—Adv.

QUIT MEAT WHEN **KIDNEYS BOTHER**

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the hidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fall to filter the waste and poisons from the blood, then we get sick. Nearly all rheuma-tism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache
in the kidneys or your back hurts
or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any phar-macy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the 20 This famous saits is an income acid of grapes and lemon juice, com20 bined with lithia, and has been used
20 for generations to flush and stimulate
20 for generations to flush and stimulate \$1 the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weak-
